

Media MANAGER

Digital Signage Content Manager

Content Managementmade easy.

With Visioncast's Media Manager, you can take your daily food and drink specials for a wild ride. We create dazzling, eye catching media, that catches your patrons attention. Media MANAGER makes it easy to manage content! Print signage and chalk boards are things of the past. Welcome to the DIGITAL WORLD.

Create

Our design team will work with you to create a unique, customized screen to showcase your bar, restaurant, bar or coffee shop. We increase your sales while effectively increasing brand awareness.

Play

Know how to send an email? Playing your content is just as easy. Simply input your daily food and drink specials, easily import pictures. Media Manager does the rest.

Schedule

Let us schedule your specials to effectively promote at the best times of day for you. Breakfast, Lunch and Dinner specials are broadcast according to your requested times.

Deliver

Content is delivered automatically or per your schedule. When you are ready, updates, can be done from any computer or mobile device with internet access.

If you so choose, Visioncast's in-house VCrew support team will monitor Media Manager 24/7/365. If there is a problem, our experienced technicians located on-site at our facilities in Whistler will be on it before you ever know there is an issue.

How is that possible? Every V-Player on the Visioncast Media Network reports status updates regularly to our V-Crew, allowing us to be proactive to situations. If a system goes down for any reason, our V-Crew will be resolving the issue withing minutes. Or one call to 778.245.6363 puts you in direct touch with one of our V-Crew members.
